HURST'S MOTION TO RECONSIDER

COMES NOW, counsel, Norman Hurst and humbly prays that this court reconsider it's order dated March 16, 2007 and in support thereof avers as following:

1. That requiring counsel to register for CM/ECF Electronic Noticing would place an undue burden on counsel and his practice and increase costs associated with his practice.
2. That counsel only represented not receiving one order, setting the pretrial for 10:30 a.m. on January 29, 2007, in the above matter. ¹
3. That counsel was exempt from CM/ECF filings to ensure that he would receive notices from the Court and avers that he has except the order setting the pretrial time. ²

WHEREFORE, premises considered counsel humbly prays that this Court reconsider it's order dated March 16, 2007.

1

Counsel notes that the Court in it's Order on March 12, 2007, p.11, L.14 states, "First, Hurst received other orders in this case." Further, it is noted that counsel only other lack of notice in this matter was in the form of a motion to dismiss which was filed by defendant's counsel and not the Court.

2

Counsel avers that he has never participated in any hearing regarding pretrial matters and assumed it to be just a filing and not a hearing.
